

# CLASS PARTICIPATION TIPS

Class participation is essential to the learning process and a great way to show your Professor and peers that you're actively engaged in the content. Not sure what to say, check out these great tips for ways to stay actively engaged in the classroom.

## #1. Review class notes before the start of class

Take what you prepared before lecture and compare it to what was discussed in class

## #2. Ask Clarifying Questions

“When you said ..... what did you mean?”

## #3. Respectfully challenge other's point of view

I have a different perspective.  
Can I bring another idea to the table.

## #4. Build on peers point of view

Adding to joe lion's point...

## #5. Stay in touch

Create or join study groups with fellow peers.

## #6. Do not multi-task

Limit distractions, that ig post can wait.  
Prepare for possible disruptions.
