

# MULTIMEDIA IN A NUTSHELL

## Multimedia Arts(MTMD) Course Sampler

### ART 182 Programming for Creative Applications

Learn to program for the sake of art! Take your first steps into the world of creative programming using Processing and Actionsript.

### ARHS 230 Multimedia Survey

Critical overview of the past, present and future of Multimedia Arts.

### ART 260 Computer Graphics

Gateway into digital imaging, design and multimedia art. Learn Adobe Photoshop, Adobe Illustrator, Corel Painter, Adobe InDesign through diverse creative projects.

### ART 363 3D Digital Toolbox

Create digital art with 3D form in 3D Space. Create 3D models using Autodesk Maya that can be rapid-prototyped as real world objects or be animated within a 4-dimensional environment.

### ART 366 Multimedia Computer Arts

Explore the building blocks of multimedia storytelling by creating your own sound, visuals, and interactive art and design. Learn how to integrate diverse media into linear and nonlinear audio-visual projects. Get a handle on Final Cut Pro, Adobe Flash and Soundtrack while advancing your knowledge of Photoshop.

### ART 367 Online Computer Arts

Learn how to design and author for the web. Create and explore net art and website design with Adobe Dreamweaver and Adobe Flash.

### ART 374 Motion Graphics

Leap into the exciting world of animated graphics seen in Film and TV. Learn how to bring motion to photos, text, graphics and video while synchronizing the animation to music.

### ART 382 Digital Photography

Learn how to shoot creative photos, process them artistically in the digital environment with Adobe Photoshop and output them to different media.

### ART 383 Advanced Multimedia

Advanced collaborative multimedia projects spanning research and production in digital filmmaking, audio-visual multimedia and interactive design.

### ART 494 Multimedia Internship

Gain real-world experience interning for one of the many studios, agencies, production and post-production houses in the surrounding Los Angeles Area.
